10/23/15

Good morning,

I am writing in response to 2 letters received from the FEC dated October 19 and October 22, 2015.

The first, regarding the Amended July Quarterly Report, was revised 10/19/15 to include a check written by the IBA to the ABA PAC. When I originally submitted the July report our accountant was not in so I went exclusively off the deposit slip book to complete the report. When submitting the October report I realized the beginning balance did not match, caught my error, and amended the July report.

In speaking with Chris Morris at the FEC this morning he indicated that he October report error likely corrected itself in the eFile system when I amended the July report. Please let me know if that is the case or if there is further action required for our October Quarterly Report.

I apologize for the oversight and thank you for your assistance correcting the reporting.
